## Silver Criteria

- ★ May have been in infrequent noncompliance (per EPA's definition) with permit limits, but with only minor exceedances (< 20% above permit limit).
- ★ May have infrequently submitted late reports (no more than 30 days from due date) to the POTW but was not in significant noncompliance with any reporting requirements.

## Gold Criteria

- ★ 100% compliance with all pollutant limitations and other permit requirements.
- ★ 100% compliance with all reporting requirements, submitting complete reports to the POTW by the due date.

## Platinum Criteria

- ★ Received the Gold Award for five or more consecutive years.
- ★ Note: In the year an industry receives a Platinum Award, it will also be presented with the Gold Award.

## Base Criteria

- ✓ Have some sort of pretreatment or pollution prevention in place.
- ✓ History of cooperative working relationship with the POTW.
- ✓ Not in significant noncompliance during the past year.
- ✓ No serious safety-related deficiencies noted during the most recent pretreatment inspection.
