

Call for Papers

**Missouri Water Environment Association
FALL TECHNICAL CONFERENCE
Thursday, November 2, 2023
Stoney Creek Inn, Columbia, Missouri**

The MWEA is developing the program for the 2023 Fall Technical Conference. Submissions are welcomed on any subject pertinent to water environment but are specifically solicited for the following areas:

Wastewater Issues

- **Biological, Advanced Treatment & Nutrient Control**
- **Biosolids, Residuals & Land Application**
- **Industrial Waste & Resource Recovery**
- **Odor Control/VOCs**
- **Small Systems**
- **Collection Systems/CSOs and SSOs**
- **Stormwater**

Early submittals would be appreciated but the deadline for consideration is Friday July 3, 2023. This form is available at www.mwea.org. Please complete the following form and in addition send a Word Document bio and your abstract, PowerPoint presentation, and a copy of handouts or other materials. This will speed up the approval process by MODNR for credit hours. Please use the [online form](#) or send the below with the material requested to:
