MWEA 2021 INDUSTRIAL PRETREATMENT AWARDS

While you are reviewing industry files to determine compliance status for your annual pretreatment report, please keep in mind the Missouri Water Environment Association (MWEA) pretreatment awards program. The MWEA Awards program recognizes industries for outstanding achievement in industrial wastewater pretreatment. Industries and/or their consultants may also apply for MWEA's Industrial Water Quality Achievement Award. If you know of an industry that may qualify, please refer to <http://www.mwea.org/> for further information.

Awards will be presented at the Joint MWEA/MOAWWA Annual Meeting on March 28th, 2022 at the Margaritaville Lake Resort in Osage Beach, Missouri. Awards will be presented at the Awards Luncheon and will be sent electronically to those that are unable to attend.

POTW Pretreatment Coordinators are to select pretreatment awardees based upon compliance with discharge and reporting requirements in 2021 using the attached criteria. Industries that have received a Gold Award for five or more consecutive years also qualify for a Platinum Award certificate. To nominate qualifying local industries, please complete the attached spreadsheet with the requested information for the applicable nominees.

Please be sure to provide the contact name and email address for each nominee, as we will require this information to notify each nominee of their award. Please submit the completed spreadsheet by March 1, 2022 to:

MWEA Industrial Wastewater Committee, c/o Mark Pearson
SCS Engineers
8575 W. 110th Street, Suite 100
Overland Park, KS 66210
mpearson@scsengineers.com

We appreciate you taking the time and effort to enable deserving industries to qualify for these awards. Recipients value the recognition they receive from MWEA. If you have any questions, please feel free to contact Mark Pearson at either: (913) 403-6493 or mpearson@scsengineers.com.
